DINOLFO: ROC AIRPORT CANOPY GOES RED FOR WOMEN'S HEART HEALTH & VALENTINE'S DAY

Canopy will stay lit through the weekend

In celebration of the American Heart Association's Women's Heart Health Month, today Monroe County Executive **Cheryl Dinolfo** and the Greater Rochester International Airport (ROC) will light the skies red. The ROC Airport Canopy will be lit red to wish our community a happy Valentine's Day and participate in the national movement to end heart disease and stroke in women.

*"According to the American Heart Association, cardiovascular diseases continue to be a woman's greatest health threat," said **Dinolfo**. "By lighting the ROC Canopy red, we are hoping to encourage women in our community to take charge of their own heart health as nearly 80 percent of cardiac events can be prevented."*

The ROC Airport Canopy will illuminate the skies red starting tonight through the end of the weekend.
