### **ROC AIRPORT CANOPY GOES BLUE FOR RPD OFFICER DENNISON WRIGHT**

*Canopy will stay lit through Officer Wright's discharge*

In support of Rochester Police Department (RPD) Officer Dennison Wright, Monroe County Executive **Cheryl Dinolfo** and the Greater Rochester International Airport (ROC) will light the skies blue tonight with the ROC Airport Canopy.

*“On behalf of our entire community, we extend our hopes and prayers to Officer Wright,” said **Dinolfo**. “The men and women of the Rochester Police Department are among the bravest around – they have our backs, and we have theirs. As a token of our support for Officer Wright and his ongoing recovery, I have directed the Airport Authority to light the skies blue until his eventual discharge from the hospital. We wish him a speedy and complete recovery.”*

Officer Wright was seriously injured after responding to a call on Friday. He is currently recovering at Rochester General Hospital. He is in the intensive care unit, but is in stable condition and his injuries are not considered to be life-threatening.

The Canopy will remain blue until Officer Wright is discharged from the hospital.
